

## Hiring Assessor

### **About the Lab:**

The NL3 Wang Lab is led by Dr. Wang, the NL3 team uses advanced brain imaging techniques to focus on early learning and brain development. The goal is to identify brain-behavior relationship and reveal how brain mechanism affects behavior, which can revolutionize our understanding of early development of certain cognitive process — language, literacy, learning — and shape evidence-based interventions and educational policies to enhance children's lives. Learn more about our ongoing studies.

### **Job Description:**

Assessor is someone who administer standardized assessments include Brown Executive Function/Attention Scales (Brown EF/A Scales) that collects executive function abilities from the child's parent, Kaufman Brief Intelligence Test, Second Edition (KBIT-2) that tests the child's verbal and non-verbal IQ, Woodcock Reading Mastery Tests, Third Edition (WRMT-III) that tests the child's reading abilities, and Test of Word Reading Efficiency, Second Edition (TOWRE-2) tests the child's abilities identifying sight words and pronouncing non-words.

### **Degree Requirements:**

Individuals with: A master's degree (obtained or in process) in psychology, education, occupational therapy, social work, counseling, or in a field closely related to the intended use of the assessment, and formal training in the ethical administration, scoring, and interpretation of clinical assessments. **OR** own certification by or full active membership in a professional organization (such as ASHA, AOTA, AERA, ACA, AMA, CEC, AEA, AAA, EAA, NAEYC, NBCC) that requires training and experience in the relevant area of assessment. **OR** A degree or license to practice in the healthcare or allied healthcare field. **OR** Formal, supervised mental health, speech/language, occupational therapy, social work, counseling, and/or educational training specific to assessing children, or in infant and child development, and formal training in the ethical administration, scoring, and interpretation of clinical assessments.

### **Desired Skill Set and Experience:**

- Experience in all age settings (children and adults)
- Strong interpersonal skills
- Experience administering the assessments listed in job description or similar assessments is a plus but not required
